Academic Year: 2020-21   **Semester: IV**   **Class: SYMCA**

Course Code: MCA43   **Course Name: DAA**

Innovative Teaching learning method

1. In most of the lectures, the problem solving or activity used to be given and immediately solving the activity then uploading the activity on moodle used to be monitored.

2. Students were shown NPTL videos for related topics and then QA sessions used to be conducted.

3. Animation videos were shown to the students for better understanding of the topic.

4. different batches were given different assignments to solve in the Labs.
