

ACTIVITY REPORT 2023-24

DEPARTMENT/ COMMITTEE NAME: MCA / ACSES Committee

IQAC ACTIVITY No:9

NAME OF THE ACTIVITY: Guest Lecture on Automation testing with Selenium			
DATE	STUDENTS/TEACHER	DEPARTMENT/COMMITTEE	COORDINATOR NAME
05-04-2024	Students	MCA / ACSES COMMITTEE	Prof.Pallavi Thakur
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
11:00 AM – 12:00 PM	403	54	Outdoor
SUPPORT/ASSISTANCE:			

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO:)

TOPIC/SUBJECT OF THE ACTIVITY	Guest Lecture on Automation testing with Selenium
OBJECTIVES	<ol style="list-style-type: none"> 1. Introduce FYMCA students to functional testing concepts using Selenium. 2. Familiarize students with the Selenium testing framework and its applications. 3. Provide hands-on experience to enable students to conduct functional testing efficiently using Selenium..
METHODOLOGY	The methodology employed involved a blend of theoretical instruction and practical exercises to impart knowledge and skills in Selenium testing to FYMCA students..
OUTCOMES	<p>The outcomes of the "Selenium Testing" event include:</p> <ol style="list-style-type: none"> 1. Increased proficiency among FYMCA students in conducting functional testing using Selenium. 2. Enhanced understanding of the Selenium testing framework and its practical applications. 3. Empowerment of students to apply Selenium testing techniques in real-world scenarios, contributing to their professional development in software testing..

To,
Prof. Nikhita Mangaonkar,
Associate Professor, Department of CSE
Sardar Patel Institute of Technology

Letter of Appreciation

On behalf of the Association of Computer Science & Engineering Students (ACSES) and Sardar Patel Institute of Technology, Mumbai, we would like to express our heartfelt gratitude for your insightful guest lecture on "Automation Testing Using Selenium" delivered on April 5, 2024.

Your extensive knowledge and expertise in the field of selenium testing were evident throughout the lecture. The students were captivated by your clear and engaging delivery of the subject matter. The interactive Q&A session at the end was highly appreciated by the students, as it allowed them to clarify their doubts and gain further insights from your experiences.

We extend our sincere appreciation for taking the time to share your expertise with our students. Your contribution has enriched their learning experience and will have a lasting impact on their academic and professional development.

Thank you for your valuable presence and for making this event a resounding success.

Regards,
ACSES Committee.

Activity Report

Title: Guest Lecture on Automation Testing with Selenium

Date: May 4, 2024

Organized by: MCA / ACSES Committee

Time: 11:00 AM – 12:00 PM

Location: Room 403

Brief Report:

The MCA (Master of Computer Applications) / ACSES (Association of Computer Science and Engineering Students) Committee organized a guest lecture on Automation Testing with Selenium on May 4, 2024, from 11:00 AM to 12:00 PM. The lecture took place in Room 403.

The session aimed to provide insights into the significance and implementation of automation testing in the field of software development, particularly focusing on the utilization of Selenium, a widely used automation testing tool.

The guest speaker, [Name], an experienced professional in software testing and automation, delivered an informative presentation covering various aspects of automation testing with Selenium. The topics discussed included:

1. Introduction to Automation Testing: The speaker elucidated the importance of automation testing in the software development lifecycle, highlighting its benefits in terms of efficiency, reliability, and cost-effectiveness.
2. Overview of Selenium: The audience gained an understanding of Selenium, an open-source automation testing framework used for web application testing. The speaker elaborated on Selenium's features, compatibility, and advantages in comparison to other testing tools.
3. Hands-on Demonstration: The session included a practical demonstration wherein the speaker showcased the process of creating test scripts using Selenium WebDriver. Attendees had the opportunity to observe the execution of test cases and the generation of test reports.
4. Best Practices and Tips: The speaker shared valuable insights into best practices for writing effective automation test scripts with Selenium. Tips for enhancing test coverage, improving test efficiency, and maintaining test suites were discussed.

---	--

5. Q&A Session: The lecture concluded with an interactive question and answer session, allowing attendees to seek clarification on topics covered during the presentation.

Overall, the guest lecture on Automation Testing with Selenium was well-received by the audience comprising MCA and ACSES students. Participants gained valuable knowledge and practical insights into the application of Selenium for automation testing purposes, which is crucial in the context of modern software development practices. The event successfully fulfilled its objective of fostering learning and awareness regarding automation testing methodologies among the student community.
