Brief information about the event : *Certainly, here's the event summary with improved grammar and structure:*

"In the short IV FY MCA program, students were divided into two groups, consisting of 35 and 34 individuals respectively. Each group was led by the class representatives, LR and CR.

The day commenced at 11:15 AM, with all FY MCA students gathered near the SPTBI building. They were accompanied by Mr. Abhishek Gupta, who graciously guided them through the office.

Mr. Gupta provided an insightful tour, showcasing the various startups currently operating within the facility. He elaborated on the transition of some startups into well-established companies. Furthermore, he pointed out his very own startup's cubicle, which held a special place in his journey.

Following the tour, Mr. Gupta encouraged all the students to visit the Prayas Lab. This remarkable place was equipped with diverse facilities, including additive manufacturing labs, subtractive manufacturing machinery for hardware production, 3D printing, welding, and more. Additionally, a studio for audio and video recording was at their disposal.

After the insightful visit, all students gathered in a room to receive guidance from Mr. Abhishek Gupta and Mr. Hardik Joshi, the CEO of SPTBI.

During the session, Mr. Gupta presented on how SPTBI operates and shared its remarkable growth story, including the nurturing of 159 incubatees from 2016 to 2023.

The presentation was followed by an interactive Q&A session where Mr. Joshi patiently addressed the students' queries. The session concluded, leaving the students enriched with knowledge, joy, and a memorable learning experience."
