

BHARATIYA VIDYA BHAVAN'S
SARDAR PATEL INSTITUTE OF TECHNOLOGY

MUNSHI NAGAR, ANDHERI (WEST), MUMBAI – 400 058.
(An Empowered Autonomous Institute Affiliated to University of Mumbai)
CSE MCA Department

Academic Year: 2025-26	Batch : 2025-2027	Semester: II
Course Code: MC518	Course Name: DevOps	Class: FYMCA
		Course Type : PE

Innovative Teaching Learning Adopted

Following teaching Learning methods have been adopted to teach Process Automation course.

1) Client-Contractor Model:

For DevOps course, Instructor has explained students how Client-Contractor model works. Instructor has created the group of 3 students where in 1 student act as a Product Owner, 1 student act as a Solution Architect and 1 student act as a Site Reliability Engineer. One group act as a Client who gives problem statement to another group who is a Contractor. Likewise, all students will act as Client as well as Contractor. Contractor will implement a project and give it to Client.

Outcome: Demonstration of Project.

2) 6:3:5 Technique:

Instructor has given students 10 minutes to prepare for the topic on Linux commands. Then made a group of 6 students and have given 3 minutes to note down the points. That sheet is circulated among the group and given 5 minutes to add on their points.

Outcome: Peer Learning about the topic
